# ART IN ACTION TO END HUNGER

## EMPTY BOWLS HISTORY

Years ago a high school art teacher came up with a creative way for his students to raise funds to support a food drive. What evolved was a class project to make clay bowls for a fundraising meal.

Today, Empty Bowls means participants receive a simple meal of soup and bread served by local celebrities. Guests are invited to keep the handcrafted bowls and can participate in the silent auction which will include celebrity autographed bowls. There will be live pottery demonstrations and entertainment by area musicians and school groups. So what was once a class project has become an event that serves as a reminder of hunger in the world.

## 2010 EMPTY BOWLS SPONSORS

Each year area businesses, faith organizations, schools and not-for-profit agencies enthusiastically support the Empty Bowls Luncheon. Second Harvest North Florida appreciates and looks forward to their continued support and extends its appreciation.

## ABOUT SECOND HARVEST

Second Harvest North Florida has served those in need in 18 counties in north Florida since 1979. In Jacksonville, the majority of people served by Second Harvest are children, their families and senior citizens. The common misconception is that hunger is experienced only by the homeless; however, this population comprises less than 10 percent of the people helped by Second Harvest.

In an effort to meet the growing needs in our community, Empty Bowls helps to promote hunger awareness, raise much needed funds, and show support for one of the nation's most solvable social issues – food insecurity.

## HOW SECOND HARVEST FIGHTS HUNGER

Second Harvest will distribute more than 18 million pounds of food to hungry people in 2010 through its network of more than 500 member agencies in 18 counties. It also:

- Partners with local organizations to provide healthy food and nutrition education;
- Provides nutritious food, snacks and meals to more than 8,500 children through the Kids Cafe, Summer Lunch, and Backpack programs;
- Arranges for pick-up and storage of fresh and nonperishable foods, which saves local nonprofits millions of dollars each year;
- Organizes Mobile Pantries that distribute large amounts of food directly to people living in the areas most affected by poverty and hunger;
- Identifies and informs people who are eligible for SNAP benefits (food stamps).

## BOWLS, BREAD & SOUP

The Empty Bowls Luncheon demonstrates community support for those who are coping with hunger in north Florida. Local celebrities (including media personalities) act as servers for the event. In addition to helping fight hunger, the luncheon presents a diverse program for all. Area students and senior citizen groups have created original, handcrafted ceramic bowls for every guest. Luncheon attendees are able to select just the right bowl to take home.
